FIW-Trade Talks is a series of online-events organized by the Research Centre International Economics (FIW). International economic researchers or highranking policy makers are being interviewed on current topics in international economics and economic policy.

#### Dalia Marin

Dalia Marin is Professor of International Economics at TUM School of Management, Technical University of Munich.

She was Professor of International Economics at Ludwig-Maximilians University of Munich (1998–2017), Associate Professor at Humboldt University Berlin (1994-1998), and until 1994 Assistant Professor at the Institute for Advanced Studies, Vienna. She has been Visiting Professor at Harvard University (2002-2003), (2011-2012), Stern School of Business, New York University (2007-2008) International Monetary Fund

(2002), National Bureau of Economic Research, Cambridge, Mass (2002), Wissenschaftszentrum WZB Berlin (1995), European University Institute, Florence (1994).

She is a Senior Research Fellow at BRUEGEL, Brussels, a European Think Thank on Economic Policy in Europe, Fellow at the European Economic Association, Research Fellow at the Centre for Economic Policy Research (CEPR), London, Member of the Panel of Economic Policy (2010-2012). She has been Team Leader at the Russian European Centre for Economic Policy in Moscow and has acted as a consultant for the European Commission, the European Bank for Reconstruction and Development (EBRD), London and the International Monetary Fund, Washington.

#### Harald Oberhofer

Harald Oberhofer is a Senior Economist at WIFO, the Austrian Institute of Economic Research. He is Professor of Economics at the Vienna University of Economics and Business. His research interests include International Economics, empirical Industrial Organisation and Applied Econometrics. Harald Oberhofer studied at the University of Innsbruck and holds a doctorate in Economics and Social Sciences from the University of Innsbruck.

Harald Oberhofer regularly serves as a

consultant to international organisations such as the OECD and the World Bank, where he analyses the impact of institutional regulations on firm performance, also over the business cycle.

The FIW - Research Centre International Economics (https://www.fiw.ac.at/) is a cooperation between the Vienna University of Economics and Business (WU), the University Vienna, the Johannes Kepler University Linz, the University of Innsbruck, WIFO, wiiw and WSR. FIW is supported by the Austrian Federal Ministries of Education, Research and Science (BMBFW) and of Labour and Economy (BMAW).
