Sponsorship for Women in Economic Research FIW Award for PhD theses in the field of International Economics Submission Deadline 15 November 2023

Within the framework of the Research Centre International Economics" the "FIW Award" is offered to promote excellent young female researchers in the field of International Economics.

The award is intended for qualified female researchers up to the age of 35 who have written a PhD thesis at an Austrian university in the field of international economics or Austrian citizens who have written their thesis at a university abroad.

The "FIW Award" aims to make outstanding research work by women visible and to award prizes. The goal is to motivate women to pursue an academic career.

The total amount of the award is € 5,000.00 and can be divided among several young women scientists. The actual distribution of the prize money depends on the quality and number of submissions.

Funding is available for theoretical, empirical and economic policy theses on the following topics:

Foreign trade, direct investment, development economics, European integration, geoeconomics, globalisation, international financial markets, international trade and financial institutions, international macroeconomics, international economic development, international trade, international competition, multinational enterprises, environmental impacts of international economic activities, economic effects of migration, exchange rate regimes, or similar topics.

The following criteria will be used to evaluate submissions:

- **The Phd thesis must have been completed in the period 1 October 2021 to 15 November 2023.**
- - The submission must include the thesis in PDF form and a CV.
- - Content criteria:
 - Scientific quality: 40%;
 - Clarity of arguments and results: 20% ;
 - Innovative content and creativity: 20%;
 - Relevance to economic policy: 20%.

Please send submissions to: fiw-pb@fiw.at

Extended submission deadline: 15 November 2023

Das FIW ist ein Kooperationsprojekt der Wirtschaftsuniversität Wien, der Universität Wien, der Johannes Kepler Universität Linz, der Leopold-Franzens-Universität Innsbruck, des Österreichischen Instituts für Wirtschaftsforschung (WIFO), des Wiener Instituts für Internationale Wirtschaftsvergleiche (wiiv) sowie des Wirtschafts- und Sozialwissenschaftlichen Rechenzentrums (WSR).

Es wird aus Mitteln des Bundesministeriums für Bildung, Wissenschaft und Forschung sowie des Bundesministeriums für Arbeit und Wirtschaft finanziert.
