

2nd CALL for PAPERS
for the
19th FIW Research Conference
International Economics
Vienna, 11–12 February 2027

Keynote Lecture: Felix Tintelnot (Duke University)

Extended Deadline: 4 November 2026

OUTLINE

The Research Centre International Economics – FIW announces its 19th Research Conference 'International Economics' and invites the submission of working papers to be presented at the conference.

The main objective of the conference is to provide a platform for economists working in the field of 'International Economics' to present recent research.

Papers from Ph.D. students, young faculty members and young researchers in similar positions are particularly welcome as the conference aims to support and encourage young economists by providing an opportunity to present their work to fellow junior economists as well as experienced senior researchers.

The conference also aims at bringing together researchers and policymakers to provide a forum for discussion on how empirical evidence can more effectively inform actual economic policymaking.

TIME & LOCATION

The 19th FIW Research Conference on 'International Economics' will take place on Thursday, **11 February 2027** and Friday, **12 February 2027** at the **Vienna University of Economics and Business (WU Vienna)**, Welthandelsplatz 1, 1020 Vienna, Austria.

PAPER SUBMISSION

We invite the submission of full working papers on all topics in the field of International Economics. Selection decisions will be communicated between late December 2026 and 15 January 2027.

Please submit your working papers via <https://conference2027.fiw.ac.at> by 4 November 2026, 23:59 CET.

AWARDS

Two prizes for the best contributions to the Research Conference will be awarded: the **'Best Conference Paper Award 2027'** and the **'Young Economist Award 2027'**. Each award is worth **€ 1,000**.

The 'Young Economist Award 2027' is intended for Ph.D. students, young faculty members and young researchers in similar positions. To be considered for this award, all authors of the paper have to be 34 or younger at the time of submission.

TOPICS COVERED

The broad topic of the conference is 'International Economics'. This includes, inter alia, International Trade, International Factor Movements, Economic Integration, Effects of International Economic Activities on Climate Change, Trade Policy, International Trade Organizations, Economic Growth of Open Economies, Multinational Firms, Global Value Chains, International Macroeconomics and other related fields.

ORGANIZATION

The 19th FIW Research Conference 'International Economics' is organized by FIW together with the Program Committee, with support from the Austrian Federal Ministry for Women, Science and Research (BMFWF) and the Federal Ministry of Economy, Energy and Tourism (BMWET).
